**FEATURES**

**Fully Multi-Coated:** Increase light transmission with multiple anti-reflective coatings on all air-to-glass surfaces.

**Shockproof:** Rugged construction withstands recoil and impact.

**Waterproof:** O-ring seals prevent moisture, dust and debris from penetrating for reliable performance in all environments.

**Fogproof:** Nitrogen gas purging prevents internal fogging over a wide range of temperatures.

**Flip-Up Mechanism:** Quick flip up/down mechanism can be oriented to flip-up to the left or right.

**Nitrogen Gas Purged:** Gas purged and o-ring sealed for fogproof and waterproof performance in all conditions.

**DESCRIBE**

The ENLARGE 3X is equipped with 3X magnification and adds versatility to any KECK Optics. The premium lenses offer a crisp sight picture with optimal eye relief. Complete with turret adjustment to center the red dot and a fine focus ring the user can easily engage targets even further than before. The magnifier out the box will work with any Lower 1/3 Co-Witness height optic and mounts to any Picatinny style rail. The canted locking feature easily allows for the user to engage or disengage the magnifier by locking it to the side or back in place.
