SHORT RANGE

TOP FEATURES

Motion Sensor Technology

KECK APEX G10 Red Dot features motion sensor technology that automatically activates when movement is detected and deactivates the illuminated reticle after five minutes of inactivity.

Professional-Grade Red Dot Optical System

KECK Professional-Grade Red Dot Optical System offers unmatched light transmission that's designed to outperform in the most challenging lighting conditions, industry-leading glare reduction for a clear image in harsh, direct light, and the resolution and clarity that professional guides and shooters demand in the field.

WATERPROOF

KECK red dot sight features exceptional waterproof performance with an IPX7 rating, allowing it to be fully submerged in up to 1 meter of water for up to 30 minutes. This ensures reliable functionality in harsh weather conditions and wet environments.
